

The International Laser License System (ILLiS)

【 What is the International Laser License System (ILLiS) Certification? 】

- **ILLiS** is a new standardized international certification for qualified medical and paramedical personnel working in the medical and surgical laser field, which was jointly launched by **the World Federation of Societies for Laser Medicine and Surgery (WFSLMS)** and **the International Society for Laser Surgery and Medicine (ISLSM)** in Tokyo in November 2009.
- The ILLiS qualification is awarded under **six categories** as follows:
 - 1) International Medical Laser Specialist (**IMeLaS**) for qualified medical doctors,
 - 2) International Dental Laser Specialist (**IDeLaS**) for dental surgeons,
 - 3) International Veterinary Laser Specialist (**IVeLaS**) for veterinarians,
 - 4) International Laser Nursing Specialist (**ILNuS**) for qualified laser nurses,
 - 5) International Laser Engineering Specialist (**ILES**) for qualified laser engineers, and
 - 6) Physicist International Laser Specialist (**P-ILaS**) for qualified scientists.
- **1) – 3)** of the above categories are offered at **4 grades**. The entry level is Grade 4, represented by the prefix **C-** (e.g., C-IMeLaS, C-IDeLaS, etc.); Grade 3 is represented by the suffix **B-**; Grade 2 by the suffix **A-**; and Grade 1 by the suffix **I-**, where 'I' stands for Instructor.
- Any ILLiS candidates who have already taken the laser safety examination approved in their country, and passed, **need not take either the ILLiS hands-on course or the written examination, but must attend the didactic sessions**. If candidates already hold both a Medical Doctor's/Dentist's/Veterinarian's/Nurse's/Laser Engineer's License from their own country or state and a corresponding national or international Laser Specialist License, **attendance at the examination and the hands-on training will be waived but candidates must still attend the didactic sessions**. In this case, the submission of certified copies of each license is required when registering for the ILLiS course.
